Project #1: Kindred Community

Partner: Temasek Foundation Nurtures

We would like to invite SSDB participating preschools to be part of Kindred Community to BE CREATIVE and DO GOOD for the Community using sustainable materials.

Start Small Dream Big

2021 Projects

Kindred Studio:

- ❖ Recyclables Hub for Preschools
- ❖ A wide variety of raw materials and clean recyclables sponsored by community partners
- ❖ Easy-to-reserve for the items that **you need**
- ❖ Workshops on Pedagogy for sustainable education will be introduced.
- ❖ Our team will work with educators to create creative learning materials.

Join Us as part of the Kindred Community

- Sign up with us for your SSDB project this year!
- Be a member of the Kindred Studio and get your materials.
- Let us know your project ideas and our team can advise and support your project.

Start Small Dream Big

2021 Projects

Some stories from our preschools:
Kiddiwinkie Schoolhouse centres

Kiddiwinkie Schoolhouse centres collaborated with Preschool Market for last year's Start Small Dream Big 2020 project.

Through 'Curious Creations: Art Sale', **over \$8000 were raised for the beneficiaries under the President's Challenge.**

'Curious Creations: Art Sale' was hosted online from 17th August to 31st August 2020.

In line with last year's Start Small Dream Big theme "A Caring and Inclusive Home for All", the dedicated team of teachers and children at Kiddiwinkie Schoolhouse centres embarked on a discussion regarding how the pandemic has impacted the people in our community.

After sharing how they could each play their part and contribute back to the society, the children created crafts that depicted their feelings towards our nation and showcased the spirit of kindness and compassion.

Start Small Dream Big

2021 Projects

Some stories from our preschools:
Glory Joy Child Care Development Centre

The children got together to pay tribute to our Healthcare & Frontline Heroes last year!

The N2- K2 children made flowers using plastic bottles and upcycled baskets.

They penned appreciation notes and presented the notes and flowers to the healthcare workers @ Singapore General Hospital and Tan Tock Seng Hospital.

Start Small Dream Big

2021 Projects

Some stories from our preschools:
Jurong Christian Church Kindergarten

Ms Ethel, teacher at JCKK, started the sustainability journey with the basics and it later became a habit.

She feels most motivated and satisfied when she sees children having fun with their projects and most importantly, the children understand that their actions can **impact and save the earth.**

Project #2: Helping Hands

Partner: Kindness Mart : Beneficiary: Helping Joy

We would like to invite SSDB participating preschools to support this community give-back project.

Start Small Dream Big

2021 Projects

Project #2: Helping Hands

Partner: Kindness Mart

Beneficiary: Helping Joy

Helping Joy Limited is a Singapore-registered charity organisation. We help the vulnerable in our society, such as physically and mentally challenged individuals, elderly persons and low income families, regardless of race, religion or language, by bringing a little joy into their lives.

Kindness Mart supports the various disadvantaged groups in our community such as the physically or mentally challenged individuals, or elderly and low income families through the sales at the Mart. The proceeds will go reimbursing the fees in areas such as medical escort services, medical fees, handyman services, bedbug fumigation services, tuition activities for children from underprivileged families and many more.

2021 Projects

Project #2: Helping Hands

Partner: Kindness Mart

Beneficiary: Helping Joy

Join us in this meaningful project to **raise funds** to purchase groceries and necessities at **cost price** to donate to our needy families at Helping Joy.
