positive social
values and norms

Empower
young role
models, leaders
and groups

Champion
environmental
issues

Guiding Principles & the 7 Eco-Habits

Guiding principles

Let's Be Considerate

Let's Not Be Wasteful

#1 Keep toilets clean and dry

#2 Return your tray and crockery after your meals

#3 Bin your litter

#4 Order only what you can finish

#5 Reuse both sides of the paper

#6 Bring waste paper, plastic/glass containers and drink cans to the recycling bin.

#7 Switch off lights when not in use.

1 Pre-school EEA Networking Session

Pre-school Environmental Education Advisors (EEA) Networking Session

- To network and share best practices on environmental education
- Find out the new and existing environmental initiatives that NEA and our partners are rolling out
- Encourage more ground-up initiatives and action on various environmental issues
- To appreciate the hard work the principals, teachers, and Pre-school EEAs have put in for the year

2 Learning Journeys

For teachers and students

Sign up at NEA Website

Clean Singapore Learning Trail (Beaches)

- Reflect and understand how habits and actions affect Singapore's cleanliness
- Self-run Beach Clean-up

For teachers only

Sign up at NEA Website

Installation Visits

- Learn importance of waste management and minimisation

Semakau Landfill

Incineration Plant
