EARTH HERO ACTIVITY BOOKLET

EARTH HERO, YOUR PLANET IS IN DANGER!

For too long, human actions have damaged the environment, endangered wildlife and drastically changed the weather. In order to be an effective Earth Hero, you will need to undergo training to gain the relevant knowledge and know-how. Complete these simple activities and equip yourself as an Earth Hero!

RECYCLING SONG

Tune: Mary Had a Little Lamb

Crush the paper, put it in
Put it in, put it in
Crush the paper, put it in
In the recycling bin

Wash the bottle, put it in
Put it in, put it in
Wash the bottle, put it in
In the recycling bin

Collect the can, put it in
Put it in, put it in
Collect the can, put it in
In the recycling bin

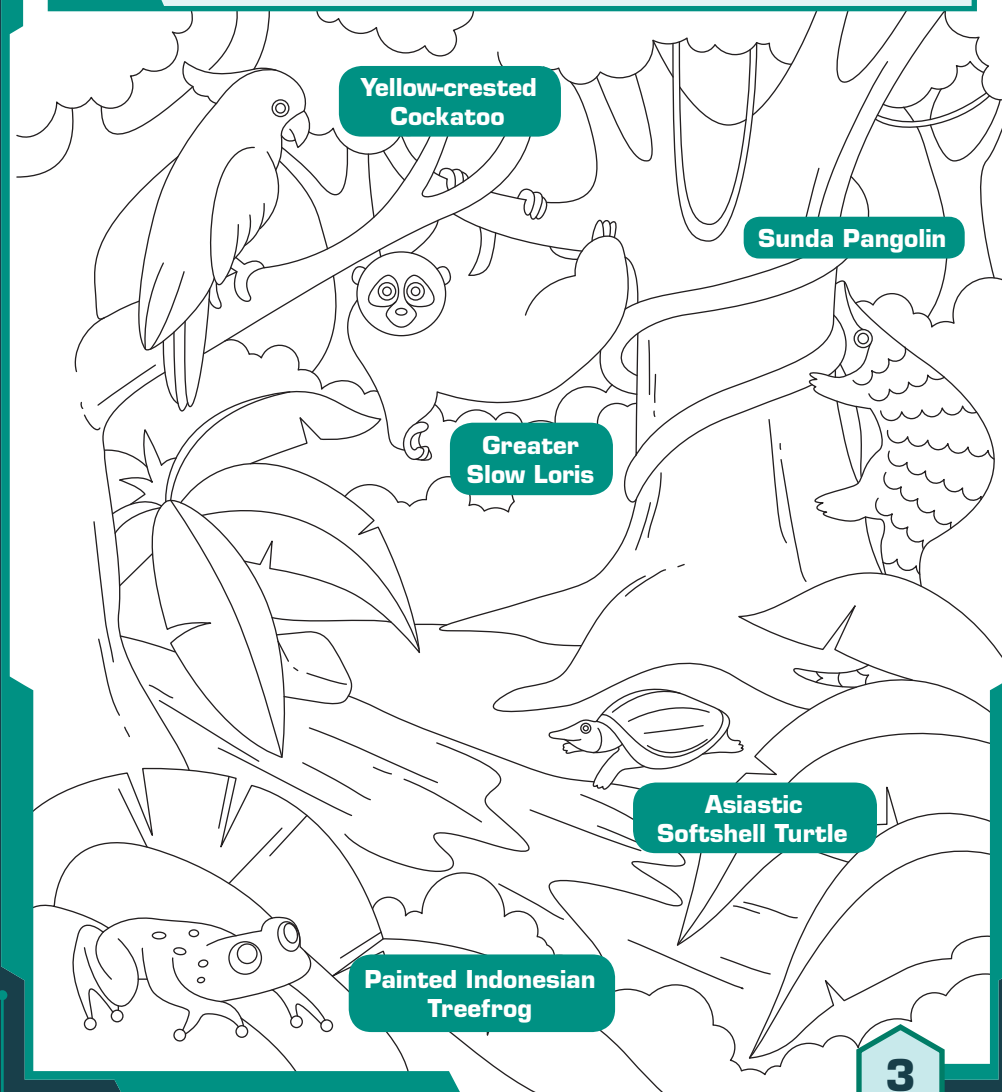

We work hard to save the Earth
Save the Earth, save the Earth
We work hard to save the Earth
Let's all do our part!

2

Colour our world

Without animals and plants, our environment would be a lot less colourful than it is today. Add some colour to this page!

3

Word Whiz

Every green-living warrior needs to know these words. Trace the words below and learn a new word today!

Light

Tap

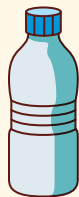

Fan

Plastic Bag

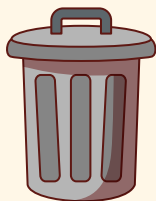

Switch

Bottle

Can

Bin

Paper

Bin It!

Does this item belong in the trash or in the recycling bin? Match the items to the correct bin!

Search and Find

Animals are losing their homes to make space for buildings and people. Thankfully, protected areas such as reserves ensure that animals still have a place to stay. Spot these animals which call the wetlands their home!

1 Monitor Lizard 2 Crabs 3 Frogs 4 Butterflies 5 Mudskippers

Discover the wonders of nature by visiting the Sungei Buloh Wetland Reserve and learn about various flora and fauna that call Singapore home.

6

Crack the Code!

You have received a message with instructions on how to reboot the Earth but it has been jumbled up. Rearrange these phrases to learn what you must do to save the Earth.

1 drceue awtse.

Book Recommendations

Younger Readers

Disappearing Acts: A Search-and-Find Book of Endangered Animals
Author: Isabella Bunnell
Call No.: JP 333.95 BUN

All Rights Reserved,
Cicada Books; London;
2016.

This wonderfully illustrated search-and-find book is filled with detailed illustrations of various habitats, and features many threatened animal species such as the snow leopard, dugong and orangutan. Read the glossary to find out more about each animal and why it is endangered.

The Great Big Green Book
Author: Mary Hoffman
Call No.: JP 363.7 HOF

Copyright©2015
Francis Lincoln
Children's Books,
London 2015.

Would you like to save endangered animals, protect our precious forests and keep our environment clean and safe? Read this book and find out how you can help!

When the Bees Buzzed Off!
Author: Lula Bell
Call No.: JP BEL

Copyright©2018
Little Tiger Press,
London 2018.

Uh-oh! The bees have buzzed off and now the minibeasts are in a pickle. Who will pollinate the fruit and flowers? It's up to three brave bugs to bring those buzzy bees back!

Older Readers

Tigers at Twilight
Author: Mary Pope Osborne
Call No.: JS OSB

Copyright©1999 Random
House, New York 1999.

(This book is also
available on eReads at
www.nlb.gov.sg)

Tigers are in trouble! That's what Jack and Annie find when the Magic Tree House whisks them and Teddy, the enchanted dog, to a forest in India. Can Jack and Annie find a way to help? Or will a fierce tiger eat them instead?

Older Readers

Recycling, Reusing and Conserving
Author: Devi Puri
Call No.: 363.72 PUR

Copyright©2017
PowerKids Press, New
York 2017.

"Recycle. Reduce. Reuse." This familiar phrase is a reminder of our responsibility in creating a sustainable world. This title provides readers with an in-depth look at the importance of recycling and conserving. They'll learn the different methods people use to recycle and conserve resources and the impact these efforts have on Earth. Most importantly, they'll learn what they can do to protect our planet.

50 Things You Should Know About the Environment
Author: Jen Green
Call No.: J 363.7 GRE

Copyright©2016 QED
Publishing, London 2016.

Discover everything you ever wanted to know about the environment and the world around you. Find out about the Earth's varied habitats, waste and pollution, the climate crisis and global conservation efforts.

Burning Out: Energy from Fossil Fuels
Author: Nancy Dickman
Call No.: J 333.8 DIC

All Rights Reserved,
Crabtree Publishing
Company 2016.

Fossil fuels have powered our lives for thousands of years. Our use of fossil fuels leads to carbon dioxide-overload in the atmosphere- making our planet hotter than ever! Earth is running out of these natural resources and scientists are searching for more sustainable forms of energy that will secure our planet's future.

Nature Crafts
Author: Ruth Owen
Call No.: J 745.5 OWE

All Rights Reserved,
PowerKids Press, 2014.

This book provides inspiration to help you turn your trash into treasure with step-by-step instructions. Unleash your creativity and save the environment at the same time by learning how to reduce, reuse and recycle!

Come visit My Tree House at Central Public Library for more Earth Hero fun!
