Spend the day exploring Jurong Bird Park, take flight with our feathered friends, go for guided tours, learn through immersive hands-on sessions before turning in for the night in the company of the avian kind.

Camp @ Singapore Zoo

Enjoy experiential learning journeys and great opportunities for the young ones to gain social experience through close interaction with their peers. Spend the day exploring the Zoo and come face to face with the largest, the slowest, the tallest, and the list goes on. Take a peek behind-the-scenes and learn through immersive hands-on sessions before turning in for the night in the company of the beasts.

For Educators

Mother Nature is said to be the best teacher. Our parks are living classrooms where people of all ages can get closer to nature and draw inspiration from her. For educators, spending a day at our Parks for a sharing session, workshop or a staff retreat is a great way to connect with wildlife and see Nature through the eyes of a child.

Sharing Sessions

We love to showcase the rich educational resources at our Parks to educators and empower you with knowledge to plan meaningful learning journeys. Do look out for invites to such sharing sessions which we organise on a regular basis. Alternatively, you may wish to talk to us to organise one such session exclusively for your centre.

Staff Retreat

Retreat to nature to draw inspiration and recharge. Plan a staff retreat with a difference at one of our parks where teams bond and strategise against the backdrop of wildlife and nature. Our staff will work with you to plan the itinerary, which may include a sharing session on WRS – An Organisational Insight, a Zoomazing Race, behind-the-scenes tours, guided tours and even an overnight camp.

PLANNING A VISIT

WHAT TO DO?

- To have enriching learning journeys, planning is crucial.
- It is important to determine the learning outcomes of the trip during the planning stage.
- Do not attempt to cover the entire Jurong Bird Park, Night Safari, River Safari or Zoo in a single visit. Stay focused on the learning outcomes. Less is more!
- Visit our website: <https://www.wrs.com.sg/en/education/> for the vast variety of programme we offer.
- Plan activities for the three stages of your learning journey: pre-visit, park visit and post-visit. Brief your children on the expected learning outcomes.
- You may wish to talk to us or email us at the Education Department to provide you with suggested activities to achieve your learning objectives. You are encouraged to make a preliminary (recce) visit as part of your pre-visit preparation.
- Visit our websites to get tips on enjoying our parks. Convey to your students that teasing and unsupervised feeding of animals are unacceptable behaviours. The animals may feel threatened and react by biting. For safety reasons, children must not run around the park.
